REVENGE PORN AND TEEN SEXTING (H 4744)

<p>By Bob Katzen</p> <p>Gov. Maura Healey signed into law a bill that would prohibit the posting of sexually explicit images of another person online without their permission—commonly referred to as “revenge porn.” The practice is often used by ex-spouses or ex-partners. The measure was recently unanimously approved by the House and Senate.</p> <p>Massachusetts was one of only two states that did not have a law about this crime. The measure establishes a sentence of up to 2.5 years in prison and/or a fine of up to \$10,000; increases the upper limit of the fine for criminal harassment from \$1,000 to \$5,000; allows a victim to petition the court for a harassment prevention order against a person who has violated this statute; and extends the statute of limitations to pursue criminal</p>	<p>charges for certain domestic violence offenses from six years to 15 years.</p> <p>The measure adds coercive control to the definition of abuse. Coercive control is a nonphysical form of abuse that includes a pattern of behavior intended to threaten, intimidate, harass, isolate, control, coerce or compel compliance of a family or household member in a manner that causes the targeted individual to fear physical harm or to have a reduced sense of physical safety or autonomy. Examples of coercive control include threatening to share explicit images, regulating or monitoring a family or household member’s communications and access to services, and isolating a family or household member from friends or relatives.</p> <p>Another provision changes current law under which minors, under 18 years of</p>	<p>age, who share explicit images of themselves or other minors, can be charged with violating Massachusetts child pornography laws and be required to register with the Sex Offender Registry. The bill allows minors to be diverted to an educational program that would provide them with information about the consequences of posting or transmitting indecent visual depictions of minors.</p> <p>“This law will save lives and strengthens our efforts to hold accountable those who would engage in abusive, coercive and deeply harmful behavior,” said Gov. Healey. “This is about stopping violence, because nobody deserves to be subjected to threats, abuse or control. We’re grateful ... to all of the survivors who bravely came forward to share their powerful stories of pain, fear and trauma to make a difference for generations to come.”</p>	<p>“The inclusion of coercive control in this bill is a vital advancement in safeguarding individuals from abuse,” said Vilma Uribe, Executive Director of the Governor’s Council to Address Sexual Assault, Domestic Violence and Human Trafficking. “It acknowledges the severe impact of manipulative behaviors and provides crucial protections for victims-survivors. Equally important is the inclusion of media literacy for our youth, empowering them to navigate the digital world responsibly.”</p> <p>“No person’s life should devolve into chaos because a private photo was shared without their permission, and no person should fear coercion or be threatened with the sharing of such a photo,” said Senate President Karen Spilka (D-Ashland). “I’m proud that this legislation protects our residents and supports young people</p>	<p>who make a mistake.”</p> <p>“This legislation modernizes our criminal laws by ensuring that those who share explicit images of others without their consent face punishment, while also educating minors on the dangers of sharing explicit images of themselves rather than imposing upon them some of the criminal justice system’s most severe consequences,” said House Speaker Ron Mariano (D-Quincy). “I’m also incredibly proud of this legislation’s bolstered protections for survivors, including the added consideration of nonphysical forms of abuse for those who are seeking restraining orders from their abusers.</p>

PROHIBIT SALE OF DOGS, CATS AND RABBITS IN NEW PET STORES (S 2820)

<p>By Bob Katzen</p> <p>The House gave initial approval to a bill that would prohibit pet shops opened after January 1st, 2025 from offering dogs, cats and rabbits for sale. Pet shops existing prior to January 1, 2025 would be exempt from the law.</p> <p>The new law would allow new pets shops to offer space to an animal rescue or shelter organization to showcase dogs, cats or</p>	<p>rabbits for adoption as long as the pet shop does not have an ownership interest in the animals offered for adoption. The bill imposes a penalty of \$1,000 for a first offense, \$2,500 for a second offense and \$5,000 for a third and subsequent offenses.</p> <p>“This legislation moving forward marks a significant step towards ending the puppy mill to pet shop pipeline, ensuring the</p>	<p>protection of both animals and consumers alike,” said sponsor Sen. Patrick O’Connor (R-Weymouth). “We are taking a stand against the promotion of animal cruelty, which is often overlooked, and I am confident that we will soon join our neighboring northeastern states in putting a stop to this inhumane practice by law. I am proud to be the primary sponsor of this bill and will continue to tirelessly advocate against the abuse</p>	<p>of animals and for their protection as some of the most vulnerable members of our community.”</p> <p>“I take the matters of animal welfare and inhumane conditions very seriously,” said Sen. Mike Moore (D-Millbury). Given that puppy mills and other profit-focused animal breeding operations have a demonstrated track record of substandard conditions and disregard for the wellbeing of the</p>	<p>animals, anything we can do to disrupt this industry without harming responsible breeders is action we should take.”</p> <p>“Typically, pet shops obtain animals from substandard breeding facilities, which results in consumers unknowingly purchasing sick or genetically compromised pets,” said Rep. Natalie Higgins (D-Leominster).</p>

ILLEGAL FIREWORKS (H 3634)

<p>By Bob Katzen</p> <p>The House gave initial approval to legislation that would amend current law which imposes a fine</p>	<p>between \$10 and \$100 on anyone convicted of illegal possession or use of fireworks. The bill would increase the penalty, in areas with a population density</p>	<p>of 1,000 or more persons per square mile, to a fine of between \$200 and \$500 and/or a prison sentence or up to six months.</p>	<p>“This has been an issue in my district that needs to be addressed,” said sponsor Rep. Rodney Elliott (D-Lowell). “By increasing fines for illegal fireworks</p>	<p>usage, we not only deter irresponsible behavior but also send a clear message that the safety of our citizens is eminent.”</p>

SOMERVILLE HOSTING TUFTS STREET RECONSTRUCTION  
COMMUNITY OPEN HOUSE, WEDNESDAY, JULY 10

Open House Will Showcase Proposed Street Safety Improvements and Collect Neighborhood Feedback

SOMERVILLE – Mayor Katjana Ballantyne, Ward One Councilor Matthew McLaughlin, and City of Somerville

staff invite you to a community open house to learn about the updated design for transportation safety improvements on Tufts Street.

The event will take place Wednesday, July 10, from 5:30 to 7:30 p.m. at the Glen Park Playground. If there is inclement weather, the event will be rescheduled to July

11.

The outdoor open house will feature multiple stations describing different aspects of the street reconstruction project including an upcoming wall mural. Drop-in anytime during the event to review materials and talk with the project team about your feedback, questions, and ideas.

Following the event, a recorded presentation and information about the updated design will be available on the project website.

Other opportunities for community members to share feedback will include an online survey, a street

outreach pop-up planned for July 23 from 5 to 7 p.m., and virtual office hours with Mobility Division staff on July 25 from 5:30 to 7:30 p.m. For details on these engagement opportunities, visit [somer villema.gov/tuftsstreet](http://somer villema.gov/tuftsstreet).

About the Tufts Street Reconstruction Project

The City is repaving Tufts Street and reconstructing its sidewalks as part of the citywide Pavement and Sidewalk Management Program. This presents an opportunity to redesign the street to make it safer for everyone. Tufts Street is designated as a “Neighborhood” in the Somerville

Bicycle Network Plan, which is a walk and bike friendly street designed to lower vehicle volumes and speeds.

After gathering feedback on the concept design from community members in the fall, and processing data collection on soil analysis, parking utilization, and incorporating input from emergency services, the City has developed an updated design proposal. City staff will share the updated design for the street as part of our upcoming open house. Updated design information will also be shared on the project website at [somer villema.gov/tuftsstreet](http://somer villema.gov/tuftsstreet).

Questions and comments can be submitted and by calling 311 (617-666-3311). [transportation@somer villema.gov](mailto:transportation@somer villema.gov) and by calling 311 (617-666-3311).

This project is one of a series of actions the City is undertaking in pursuit of our Vision Zero goal of eliminating traffic fatalities and series injuries from our roadways. Construction is anticipated to begin in mid-2025 and continue through 2026. All schedules are preliminary and subject to change.

MAYOR BALLANTYNE ANNOUNCES NEW UNION AGREEMENT  
INCREASING PAY & BENEFITS FOR FIRE ALARM UNIT

Continued from front page

Improved wages and benefits codified in new union contract

SOMERVILLE—Mayor Katjana Ballantyne on behalf of the City of Somerville has reached a new agreement with the union representing its Fire Alarm Operators for a new contract, providing improved wages and benefits for a valued set of City workers.

The City’s Fire Alarm Unit provides 24/7 dispatch for the Somerville Fire Department, and its contract

is negotiated by Somerville Firefighters Local 76. The new three-year contract will cover the City’s 2024 fiscal year (FY24: July 1, 2023, to June 30, 2024), as well as FY2025 and FY2026.

A package of improvements for existing employees start with a 9% cost of living increase over the life of the contract (equaling a 3% cost of living increase each year of the contract retroactive to July 1, 2023). Additional stipends and step increases will further build wages and include new base wage increases for employees with 10- and 20-years of service, as well as additional increases to existing longevity stipends that recognize length of service.

In addition, the City has

agreed to a significant increase of 24% to the starting salary of new employees that better aligns the City’s starting salary for these positions with those seen in the market, which will make Fire Alarm Unit jobs more competitive and help improve the City’s recruitment and retention efforts for these positions. This change for new hires brings their salaries more inline with the payscale that applies to existing fire alarm operators.

“We approach all of our labor negotiations with a deep appreciation for the work our union employees do for the people of Somerville, and we try to make sure to sign contracts that allow all city employees to move forward together,” said Somerville Mayor Katjana

Ballantyne. “The Fire Alarm Unit answers calls that save people’s lives. It provides an essential service, and this new contract adds important compensation and benefits improvements so that Fire Alarm service can continue to be a rewarding career.”

A significant new benefit introduced in the contract is an eight-week paid family and medical leave program. This means employees requiring leave for needs such as family health issues or maternity and paternity leave would have access to 8 weeks of paid leave above and beyond standard sick, vacation, and personal time. The new benefit will reduce the likelihood that employees will face unpaid leave if their available accruals are not sufficient. The Fire Alarm Unit

is the second bargaining unit to enter the program, joining the City’s custodial workers.

The new contract also adds an additional week of vacation when an employee reaches 25 years of service, and compensation for the Juneteenth National Holiday.

Finally, the new agreement establishes a new work schedule designed to increase staffing flexibility along with a rolling vacation day accrual system, which will help the City better track and account for this benefit.

The Fire Alarm Unit has voted to accept the new contract, leaving only the City Council to fund the cost of the contract before it takes effect.

BAN SINGLE-USE PLASTIC BAGS AND MORE (S 2830)

By Bob Katzen

The Senate 38-2, approved a bill that would ban single-use plastic bags; make straws and plastic utensils available by request only; require stores to charge 10 cents for recycled paper bags with 5 cents retained by the retailer and 5 cents used to fund environmental protection measures; make it easier to recycle; create a statewide program for recycling large plastic objects including car seats; prohibit single-use plastic bottle purchases by state agencies; require do-not-flush labeling for non-flushable wipes made of plastic; and implement statewide composting.

“From microplastics in our blood to plastic bags in our

waterways to greenhouse gases in our air, plastics pollute and harm our people and planet,” said Sen. Becca Rausch (D-Needham), Senate Chair of the Joint Committee on Environment. “The Plastics Reduction Act will prevent billions of single-use plastic bags, bottles, cutlery and wipes from clogging up our environment, pipes and landfills each year. This is a major win for our climate, our wildlife and our health.”

“Nothing we use for just a few minutes should pollute the environment for decades,” said Janet Domenitz, Executive Director of MASSPIRG. “Getting rid of single use plastic bags, food ware and more will reduce plastic waste, cut down on litter and make a cleaner,

greener future for everyone.” “In Massachusetts, we take pride in being a leader when it comes to protecting our environment and people’s health, and this bill continues that leadership,” said Senate President Karen Spilka (D-Ashland). “Limiting our plastics use means less trash in our waterways and on our streets, and giving our kids the green, clean planet they deserve to inherit. This is a crucial part of achieving the commonwealth’s climate goals.”

“It’s burdensome on small businesses and creates increased cost at the grocery store and everyday living for consumers by having to pay an additional tax on paper bags and reusable

bags,” said Sen. Ryan Fatman (R-Sutton), one of two senators who voted against the bill. “It also has no chance of passing through the Legislature because it’s unrealistic and out of touch.”

“I think it’s important to understand that when we talk about the pollution that occurs throughout the world, that we understand where this comes from,” said Sen. Peter Durant (R-Spencer), the other senator who voted against the bill. “Over 70 percent of all plastic pollution in the world today comes from Asia. The United States accounts for approximately 4 percent of the pollution, which is too much, I can give you that. I oppose this bill because the question becomes,

what is the cost to benefit ratio that we’re talking about here? To what end do we want to cause businesses to cause families in Massachusetts, to expend more for a diminishing return?”

Durant continued, “This is going to cost the consumers of Massachusetts more, in a state that already has an incredible cost of living and in a state where we’re trying to make it more affordable to be here. I think this is something that ends up being a little bit too much, too much for us to bear.”

MAKE PAPER BAG FEE OPTIONAL (S 2830)

By Bob Katzen

The Senate 8-30, rejected an amendment that would make the up to 10 cent fee for paper bags optional for retailers to charge. The amendment would replace a section of the bill that requires stores to charge 10 cents for recycled paper bags with 5 cents retained by

the retailer and 5 cents used to fund environmental protection measures.

Sen. Ryan Fattman (R-Sutton) said he “voted in favor of [the] amendment because it helps consumers and small business owners save money at a time when inflation is causing hardships for families and businesses

alike.” “I voted yes ... because we have spent almost four years fighting inflation,” said Sen. Mike Moore (D-Millbury). “Just when prices are starting to stabilize, why would we impose a mandated cost increase on retail products? I believe we should leave it up to the retailer

to decide if it makes sense to impose a fee on carry-out paper bags.”

“A nominal paper bag fee that business owners can customize will incentivize customers to bring reusable bags and advances the bill’s waste reduction goals,” said Sen. Becca Rausch (D-Needham) who opposed the amend-

ment. “This fee is optional for small businesses, building in flexibility for business owners who need it most.”

(A “Yes” vote is for the amendment. A “No” vote is against it.)

EXPAND NERO’S LAW (H 2423)

By Bob Katzen

The House gave initial approval to another Xiarhos proposal that would expand Nero’s Law, passed in 2022, that requires EMS personnel to provide basic emergency treatment to a police dog and use an ambulance to transport the dog injured in the line of

duty to a veterinary clinic or veterinary hospital, if there are not people requiring emergency medical treatment or transport at that time. That law was passed following the tragic death of Yarmouth Police Sgt. Sean Gannon who was shot and killed in the line of duty.

His K-9 partner Nero was severely injured and had to be rushed to the animal hospital in the back of a police cruiser. Nero survived.

The bill permits not just basic emergency medical treatment, but also advanced life support care as an option by those prop-

erly trained, if available and necessary.

“We passed Nero’s Law a couple of years ago in honor of K-9 Nero, and as a lasting tribute to fallen Yarmouth Police Sgt. Sean Gannon, who was killed in the line of duty in the same incident where Nero was injured,” said Xiar-

hos. “Law enforcement depends on police dogs to keep the public safe in dangerous situations. It’s the least we can do to make sure that these dogs receive proper emergency medical care if they are injured through their work.”

“The American Automobile Association research found ADBs illuminate the road 86 percent better than current headlight technology but without the glare,” continued Sabadosa. “Smart headlights make about 5,000 adjustments per second to curve light around the part of the road already lit up by an oncoming car. So, there’s no direct beam in the other driver’s face.”

The Somerville Arts Council and the Launch of Nibble

Nibble was launched a decade ago, as part of Somerville Arts Council’s ArtsUnion initiative, which has transformed Union Square, Somerville through innovative cultural economic development work. Nibble started with Union Square international market tours; next came a blog and then a book. We then added cooking classes, and a culinary entrepreneurship program. Next came Nibble Kitchen, which is located in the heart of Union Square, where our Nibble work all began.

About Nibble Kitchen-Global Eats by Local Peeps!

Nibble is a Somerville Arts Council/City of Somerville initiative that celebrates cultural diversity through food and promotes economic development. Five years ago, Nibble expanded to launch a brick-and-mortar restaurant and business incubator called Nibble Kitchen, which offers a rotating global menu featuring chefs from Somerville’s diverse community.

Nibble Kitchen also offers cooking classes to the public, and serves as home base for Nibble chefs vending at the Union Square Farmers Market and Somerville Arts Council festivals. All chefs at Nibble Kitchen are graduates of the Nibble Entrepreneurship Program. Go to <http://www.nibblesomerville.com> for the restaurant schedule, entrepreneur profiles, and much more information about the program.

Nibble and Economic Development

Since the inception of the Nibble program ten years ago, Nibble graduates have opened a total of six restaurants, including three at Bow Market: Carolicious Gourmet, Taquisimo, and Nagomi’s Bento (to open within the next two months), as well as 10 food businesses. These restaurants and food businesses employ over thirty employees, creating an economic ecosystem that supports Somerville’s diverse population.

Other Nibble participants past and present derive income vending at Nibble Kitchen, as well as vending at Festivals and Farmers Markets, and teaching cooking classes. Nibble also plays a significant role in placemaking by propelling culinary tourism and ensuring that Somerville stays diverse and delicious.

MATERNAL HEALTH  
Continued from front page

By Bob Katzen

The House 153-0, approved and sent to the Senate a maternal health bill that would require certified professional midwives and lactation consultants to be licensed; encourage the creation of more freestanding birth centers; expand access to postpartum depression screenings; and raise awareness of pregnancy loss and perinatal mood and anxiety disorders.

“Today, I feel proud to stand with my colleagues in recognition of the autonomy of all birthing people to make important decisions about where they give birth – whether in

a hospital, at home or in a birthing center – and ensure that all parents feel strong, empowered and in charge of their health at such a formative time in their lives,” said Rep. Kay Khan (D-Newton), a sponsor of the bill. “In passing this historic maternal health package, we have further elevated the midwifery model of care and moved mountains toward addressing the needs of all birthing people in the commonwealth, regardless of their race, ethnicity or socioeconomic status.”

“Today we are making a commitment to ensuring that every mother receives the care and support they need before,

during and after childbirth,” said Rep. Pat Haddad (D-Somerset), a sponsor of the bill. “We are taking steps to eliminate the causes of infant mortality and improving maternal health outcomes of pregnancies for all birthing persons. This legislation tackles the root causes of maternal deaths and delivery complications.”

“[The bill] is a significant legislative step in addressing perinatal mood disorders in Massachusetts,” said Rep. Jim O’Day (D-West Boylston). “This bill provides crucial support for new parents by improving access to comprehensive mental health care

during the perinatal period. By focusing on early detection and intervention, we can ensure better health outcomes for both parents and their babies. This legislation is vital for fostering healthier families and communities, particularly for those most vulnerable to perinatal mood disorders.”

“This legislation, which is the fourth significant health care bill that the House has passed this session, is the latest example of our ironclad commitment to increasing access to quality, affordable health care for all residents of Massachusetts,” said House Speaker Ron Mariano (D-Quincy). “While the commonwealth’s

health care system is amongst the best in the world, inequities in maternal health remain prevalent, and certain aspects of care are woefully insufficient. That’s why the reforms included in this legislation are so important, as they will help to close racial inequities and improve maternal health care statewide.”

(A “Yes” vote is for the bill.)
